Disclosure: In most areas of the country, state or local law does not require that you buy a container to surround the urn in the grave. However many cemeteries require that you have such a container so that the grave will not sink in. Either a grave liner or burial vault will satisfy these requirements.

Restlawn Memorial Park requires the use of an outer burial container.

Warranties: Our Funeral Home and Cemetery makes no representations or warranties about the protective value of certain outer burial containers other than those made by the manufacturer of said outer burial container. The only warranties granted in connection with goods sold are the express, written warranties if any extended by the manufacturer thereof. No warranties of merchandise fitness of a product are extended by the seller.
